

# Clinical Documentation EHR Course

Introduction

SECTION 1: What is an EHR?

SECTION 2: Eliminating medical errors

SECTION 3: Basic review of EHR documentation

SECTION 4: Billing

## Activity Summary

- Activity Title: Clinical Documentation EHR Course
- Release date: 2021-06-01
- Expiration date: 2024-06-01
- Estimated time to complete activity: 2 hours
- This course is accessible with any web browser. We recommend recent versions of
- Google Chrome, Internet Explorer 9 and later, or Apple iPad.
- This course is jointly provided by Pacific Medical Training and Postgraduate Institute for Medicine (PIM). You may reach PIM at [inquiries@pimed.com](mailto:inquiries@pimed.com).

## Target Audience

This activity has been designed to meet the educational needs of physicians, physician assistants, nurse practitioners, and registered nurses involved in the care of patients who will implement electronic health records into their practice.

This activity is also applicable to medical students (nursing and medical doctor program tracks) so that they may learn the additional skill of medical documentation.

## Educational Objectives

*After completing this activity, the participant should be better able to:*

- The participant will demonstrate an understanding of the minimum requirements for electronic health record documentation and a knowledge of the basic history of electronic health records by selecting the correct choices in a multiple choice examination.

- The participant will demonstrate a mastery of how to document allergies, medications, orders, notes, and discharge information in an EHR, through correctly identifying images of the EHR screens in the post-course examination.
- The participant will be able to recognize a variety of EHR vendor screens through study of the imagery provided in the course.
- The participant will be able to recall the attention to detail that is needed when transcribing verbally in an EHR by answering multiple choice questions correctly on the course examination.
- The participant will demonstrate an understanding of the risks that come with using EHR and how to protect patient privacy and passwords by selecting examples in the examination that are relevant to the current threat to cybersecurity.
- The participant will demonstrate an understanding of how to document properly, complying with billing standards, they will do so by selecting the correct documentation from multiple choice questions on the examination.

## Faculty

- Kathryn Morris, Registered Nurse- State of Maryland

## Joint Accreditation Statement

In support of improving patient care, this activity has been planned and implemented by the Postgraduate Institute for Medicine and Pacific Medical Training. Postgraduate Institute for Medicine is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

JOINTLY ACCREDITED PROVIDER™  
INTERPROFESSIONAL CONTINUING EDUCATION
